

Ensemble Concert 2021 Rehearsal and Concert Protocol

In an effort to keep Ensemble as the wonderful event it is, and hoping for the best, we have decided on the following:

Rehearsals:

1. We may be seeking a larger rehearsal venue so that pianos can be further apart.
2. Masks/facial shields will be required to be worn by all, including entering the building, through rehearsal, and exiting.
3. Students must use hand sanitizer as they enter and exit the rehearsal room.
4. Temperatures will be taken of all people entering the building.
5. Pianos will be disinfected after each use.

These protocols will be adjusted if new CDC or state guidelines are in place at the time rehearsals start.

Concert:

Tentative concert date is March 13th, 2021. Tentative location is Centennial Hall. The location will tell us how many people can be in the auditorium at one time and what the safety requirements are. We will perhaps divide the concert into 2 (or even 3) concerts. Also, significantly limit the number of tickets per student and provide a live stream of the event for everyone else.

1. The cost of Ensemble remains at \$65.00 for each student.
2. The date of the Concert will be no sooner than March 13th.
3. Students can request to not have a partner. Such a request will be accommodated if possible but not guaranteed. If not possible, student can choose to not participate and have registration money returned to them.
